ECT® Notice of change in product specifications

Change to switching adaptor specification (product DC conversion)

To Whom It May Concern:

Thank you very much for your always support and cooperation in our tape dispenser business.
We would like to inform you about the specification change of the following products.

1. What changed Product safety has been improved by changing from the conventional transformer built-in power supply system to the AC adaptor (switching power supply) specification.
At the same time, if the user uses a conversion plug, it will be possible to use it both in Japan and overseas.

Current Spec

Driven by transformer built-in power supply

P# 115	Base
P# 120a	Fuse (2A)
P# 121	Fuse holder
P# 112	Transformer (230V)
P# 206	Power cord - BS
P# 207	Power cord - VDE
P# 187-15A / 187-15B	Cut Motor Unit -15
P# 433-15A / 433-15B	Cutter part gear cover unit -15
P# 435 / 435-B	Feed motor unit
P# S450-15A / S450-15B	Front holder unit - 15 【for MS-1100】
